

# 11<sup>th</sup> Turkish - Greek Orthopaedics and Traumatology Meeting

11. Türk - Yunan Ortopedi ve Travmatoloji Günleri

15 - 17 November / Kasım 2018

Edirne / Turkey

Dear Colleagues,

It is a great pleasure and honor for us to organize the traditional Turkish-Greek Orthopaedics and Traumatology Meeting and to host our Greek colleagues once again in Turkey. Since 1995, this tradition goes on with the 11th Turkish-Greek Orthopaedics and Traumatology Meeting, which will take place in Edirne, from November 15th to 17th, 2018.

This traditional meeting series started in 1995 in Izmir, with the founders Professor P. Soukakos and Hakki Oncag, with two-year intervals, organized by each other societies of the Aegean side and as years passed, with a growing delegate number and with a growing friendship and medical significance as well (Izmir 1995, Ionnina 1998, Izmir 2000, Alexandroupolis 2002, Bursa 2005, Thessaloniki 2007, Izmir 2009, Athens 2012, Istanbul 2014, Kavala 2016).

Edirne, formerly Adrianoupole or Hadrianopole, is the hosting city for this meeting for the first time and has many historical and natural beauties. It is located at the junction of the Tunca and Evros rivers, near the borders of Greece and Bulgaria.

As we share the same region with our Greek neighbours, we also share our experience and scientific knowledge with Greek orthopaedic surgeons. On behalf of the Organizing Committee, we are all willing to make every effort for a scientifically high level meeting, socially rich and enjoyable stay in Turkey.

We warmly welcome our friends and hope to have a successful meeting.

With Warm and Kind Regards,

**İrfan Öztürk, MD**

Professor of Orthopaedics, İstanbul University, İstanbul, Turkey

**Semih Aydođdu, MD**

Professor of Orthopaedics, Ege University, Izmir, Turkey

**Cem opurođlu, MD**

Professor of Orthopaedics, Trakya University, Edirne, Turkey

Dear Colleagues,

It is really a great pleasure for all of us to participate once again in our **11<sup>th</sup> Turkish- Greek Orthopaedics and Traumatology Meeting**, in Edirne-Adrianoupole from **15<sup>th</sup> -17<sup>th</sup> November 2018**.

As we all know these meetings are a tradition now, emerged 22 years ago in difficult times. Now we are approaching another common meeting having overcome some difficulties again.

It is a fact that Greek and Turkish Orthopaedic Surgeons have a lot in common not only from the medical perspective but they also share common experiences deriving from their similar way of living. The previous meetings have contributed to the development of mutual esteem and understanding and we believe that the forthcoming meeting will further enhance our current friendship. The scientific programme will also demonstrate the high level of Orthopaedic Surgery in both countries.

On behalf of my Greek colleagues I would like to express my cordial thanks to Prof. Copuroglu for his tremendous efforts and perfect collaboration with me about all the details as well as my good friend Prof. Aydogdu and of course to Prof. Ozturk, President of TOTBID. I would also like to thank Prof. Soukakos for his advice and as ever Mr. Housein Bekir for his help and suggestions.

Edirne (Adrianoupole) is a beautiful and historical city and all of us are looking forward to our 11th Meeting there.

Kind Regards,

**George Kapetanos, MD**  
Emeritus Professor of Orthopaedics,  
Aristotle University of Thessaloniki, Greece

**HUSEYIN BEKIR**

He was born in 1959 in Sappes - Greece. He was graduated from primary school in Sappes, secondary and high school education in Gümülcine Komotini, Celal Bayar High School. In 1976, he attended to Istanbul University, Istanbul Faculty of Medicine and graduated in 1982.

After graduation, he came to Turkey and did his military service. He passed the diploma equivalence exam after military service. He has been specialized in Orthopaedics in Alexandroupolis, Alexandroupolis School of Medicine in Greece.

During his residency, he has been in rotation at Thessaloniki Pediatric Orthopedic clinic with Prof Papavasiliu, for six months. He has been in rotation for microsurgery at Ioannina, Faculty of Medicine with Prof. Soucacos, for three months. He has been in rotation for hand microsurgery at Istanbul American Hospital with Prof. Ayan Gülgönen, for three months. He has been in rotation for neurosurgery at Istanbul Bakırköy Psychiatry Hospital Neurosurgery Clinic with Op. Dr. Aysima Altınok for a month.

After graduation, he started working in Greece. In 1993, he studied in Ege University Orthopedics and Traumatology Department and he passed specialized equivalence exam for Turkey. He still has a clinic in Sappes Greece. Every Friday, he routinely joins to Ege University Orthopedics and Traumatology Department's scientific meetings, voluntarily.

He is a full member of National Orthopedics Association of Greece, Northern Greece Orthopedics Association, International Microsurgery Association and guest member of Turkish Society of Orthopaedics and Traumatology (TOTBİD AND TOTDER). He is married and has two children.

We are very thankful for his extraordinary efforts for Turkish - Greek Orthopaedics relations and friendship. He is a pioneer for this wonderful contribution. He is really a very important person for the development and continuity of this traditional organization.

We thank Huseyin Bekir for his efforts about all the details of the meeting.
